

HFE Human Factors and Ergonomics Namibia Newsletter

The International Month of Human Factors & Ergonomics

October is international HFE month!

Join us in celebrating the science of **optimising human well-being and system performance**. This means, we celebrate not only a safe workplace, but also the design of equipment, tools, procedures, workspaces and so much more!

By applying the principles of HFE, we aim to **optimise workplaces, reduce injuries and understand work-as-done to prevent accidents!**

Contact us if you **want to know more about Human Factors!**
